

~Special Library~

Would you like to read books at my school?

My school has a special library .
We call it Kizuna space.

It's large.

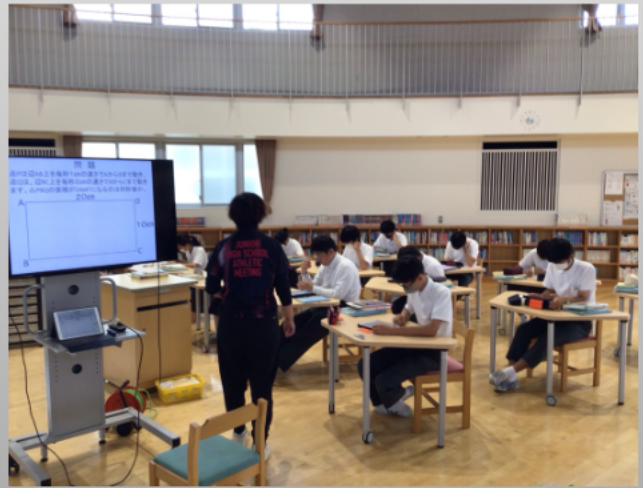

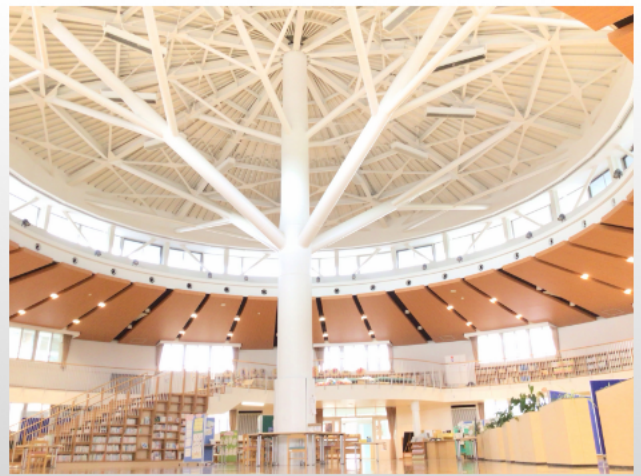

There can be more than 100 people there.

Look! There are many books.
For example, picture books,
English books and history books.

Also, Kizuna space is used as
study place.

We enjoy studying here.

English time is especially fun.

~Events In The Library~

Also, Kizuna Space is used in
various events. For example,
we display summer works .
The works are interesting.

Kizuna Space is one and only
in this school and Japan.

Please come and experience
Kizuna Space.

We're sure you'll enjoy the time
here.
