

# Club Activities

We will introduce our club activities.  
Have you joined any club activities ?

In our school, there are five clubs:  
basketball, volleyball, track and field, table  
tennis and art.

We join the club five times a week. In this  
article, we will talk about two clubs among  
them: the table tennis club and the art club.

## **Table Tennis Club**

First, about the table tennis club. This club is strong because they got the prize many times at city tournaments.

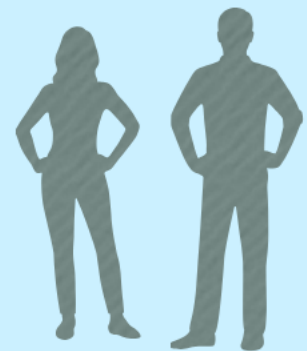

Each club spends time in different places, such as playground, art room and gyms. The members of table tennis club take part in the club at the hall.

The activity time in winter is shorter than the summer because the sun sets earlier in winter.

## **Art Club**

Second, the art club. The club members paint pictures alone or with all members. The pictures painted by them are fantastic. Many students, parents and teachers come to see the pictures at the Cultural Festival. It's beautiful and makes people impressed.

**Each One Is Different,  
Each One Is Special**

Many students enjoy their club activities at our school. There are not many students in this school, but everyone is trying a lot of things all the time.

# Club Activities

## **Basketball Clubs**

Would you like to play basketball?  
In our school, basketball is popular.  
There are two basketball teams for boys and girls.

Now, we'll explain about our basketball teams.  
We have club activities after school. We use the gym.

Look at this picture!  
It's new and big.  
7th,8th,and 9th grade students  
are active in the club.  
The activity contents are below.

## **Activity content**

- Training
  - For example, shooting, handling drill, sprints, defence drill, passing drill, and offence drill(1 on 1, 2 on 2, 3 on 2, 3 on 3)
- Game
  - 4 on 4, 5 on 5
  - It is very hard, but fun.

There are practice games on holidays.  
We play them with other schools.  
Basketball is fun!

There are many fun club activities  
other than basketball.
