

# English Class Is Fun

Hello! Would you like to study English in our school? We enjoy English classes at this school, because there are many fun and interesting activities. Now we'll introduce some of them.

## We Can Learn Many Things “with” English

We make speeches and presentations. They are a lot of fun. We often speak about what we learned in English, for example, interesting cultures in the world, the history of Stevie Wonder and bento culture in Japan.

Through them, we can notice the wonderful points of other countries and my country. And we can find and learn important things in life. That's really interesting!

# We Can Learn English “with” Katie

Also, we study with Katie.  
Who is she?

She is an Assistant Language Teacher(ALT), a foreign English teacher. She is cute and beautiful.

Moreover, she is kind. She always support us learning English kindly. On a special day, such as Halloween and Christmas, she makes some quizzes about interesting culture. She can teach us not only usage of English but also culture differences with fun. So, we love Katie.

## You Can Join Our Class!

Please come to see our English class. When you look at Katie, you'll say “Beautiful.” English classes are so fun and fantastic, because we can improve our English and know many interesting culture every time!
